

Public Comment Sought for Revised
2012 Federal-Aid Funding Plan

The South Carolina Department of Transportation (SCDOT) is seeking comment from the public on a revision to the 2012 Federal-Aid Funding Plan. The funding plan is based on anticipated federal appropriations and reflects planned budget allocations to various programs.

Based on congressional budget actions to date for federal transportation funding, the revised funding plan anticipates a moderate reduction in the Federal-Aid Program from an initial estimate of \$651 million to \$633 million for Fiscal Year 2012. In response, changes to the funding plan include a reduced allocation for the Federal Match Program resulting from unused funds, as well as reduced debt service for the Interstate Program. The changes do not impact programmed projects.

A copy of this press release and the associated funding plan is available for public review on the world web at:

http://www.scdot.org/inside/public_comment.shtml

To assist those who do not have internet access, a hard copy of this press release and supporting information are available for public review and comment at the following locations:
